Thank you for bringing your pet to see us. We appreciate and value your trust. We hope the service you received here continues to earn that trust.

**We are including important information concerning your visit with us today. Please take a few moments to review it. If you have any questions, please don't hesitate to ask.**

**Special Instructions for Casper:**

Your pet received either one or more vaccinations today. Vaccine reactions are rare but please monitor your pet for any changes that could indicate a problem. Most animals will not exhibit significant changes following vaccines, some will be a little quieter for 24 hours. This would be considered normal. Any profound lethargy, vomiting, facial swelling, or lack of appetite beyond 24 hours should be brought to our attention. Please call us if you have any concerns.
